STAT

D/Pers, EO/Pers, Special Assistant for Automation [REDACTED], and I  
had a brief discussion on the automation needs for the Working Group move.  
The following was decided:

STAT

- ° OIT and OF would have to bring their ports and Delta Datas with them,  
if and when space becomes available.
- ° EBS will need to obtain one port and one Delta Data from within OP.
- ° [REDACTED] will inventory all the Delta Datas in OP and obtain a  
decision from D/OP as to where the Delta Data will come from.
- ° We need to stay close to [REDACTED] to ensure that our needs are  
understood and met.
